BEEZER™ TO THE RESCUE

Now there is a winning game that can keep your collections up and your need to dispose of old games down. BEEZER™ will convert your Chaise™ into a new profit making game. It is also offered as a do-it-yourself kit or as a complete game. See how BEEZER™ can rescue your earnings today.

BEEZER™ IN ACTION

BEEZER™ is appealing with a new type of play strategy. Using the popular trackball control to maneuver BEEZER™ through pivoting gears of a honeycomb, players lure killer bees to a hexagon trap. Players must avoid the dangerous bee's sting or being trapped in the honeycomb.

The queen bee attacks at random to add to the challenge. Eating the queen's eggs before they hatch gives BEEZER™ extra powers. Many other exciting features progress in 101 levels of difficulty with up to 12 bees in pursuit. BEEZER™ combines skill, strategy and great fun to make a winning game.
